

Rubric & Outline For Geography Project

Partner 1 researches: Quality of Life and One Human Factor to make sustainable:

-What is your city's birth, death and life expectancy rates (quality of life)? Why would people want to live there?

-What are the problems with your city's Human Factor: _____?

-How are you going to make your city's future sustainable with your factor?

Partner 2 researches: Site/ Situation:

-What are 2-5 site factors (ex. Harbour, buildings etc.) that you will make/ remake to increase tourism?

-What (new/ old?) marketing strategies will you use to increase tourism/ people settling in your city?

-How will you make sure that tourism is sustainable in your city?

Partner 3 researches: Land Uses with Urban Planning and One Physical factor to make sustainable:

-Did you include all: recreation, transportation system, institution, commercial, industrial, and recreation)? Is there one specific building/ map feature you did not include from your original city? Why?

-What is the problem with your physical factor: _____ in your city?

-How are you going to make your city' future sustainable with this physical factor attacking your city?

Partner 4 researches: Two Climate Factors to make sustainable

-How will you make your city's future sustainable with global warming; the temperature of the world is getting warmer. (How will that affect your city? (e.g., warmer weather, increase sea level)

-How will you make your city's future sustainable with your climate factor attacking you:
_____?

Level 3 Criteria for Thompsonville Research (La and Geo Mark)

Find 3 sources in total to help them research their topic and uses quotes in their good copy

Writes a complete paragraph outlining their research findings and answers the outlined expectations for each question

Adds either one of the following: colon, semicolon or figurative language in each paragraph

Hands in jot notes, rough copy with 3 editors edit, and good copy for each question

Provides proper citation for their research in a citation list

Bonus work:

Final Language and Geography mark:

Level 3 Criteria for Thompsonville Map (Geo Mark)

All straight lines are ruler-drawn, most errors have been neatly corrected and most features are coloured completely.

Most of the labels/features can be read easily (they are neat) and done in proper colour.

Legend contains a complete set of symbols and map includes a proper compass rose.

Map effectively shows a logical distribution of the 6 land use features. Overall design shows a clear influence of site and situation.

Bonus Work:

Final Geography mark:
